EXCLUSIONS AND LIMITATIONS

PLATINUM eZ-SELECT

Benefits are not paid for any injury, sickness, or nervous or mental disorder:

- caused by riot, insurrection, war, declared or undeclared, or acts of war;
- while the insured is in the military, naval or air force of any country or international organization. Any unearned premium paid by the insured for a period not covered because of this exclusion will be returned on a pro-rata basis. If the insured is released from active duty within 5 years from the date he or she entered active military service, he or she may restore their coverage under the Policy by making written application and paying the required premium within 90 days of his or her release from active duty. No proof of insurability is needed. Premiums will be based on the Insured's attained age as of the date of the new Application. The restored policy will cover only injuries that occur after the restoration date and Sickness which makes itself known more than 10 days after the restoration date;
- caused by normal pregnancy, including childbirth or elective abortion, except when loss results from Complications of Pregnancy, as defined in the Policy;
- the Insured intentionally inflicts on himself or herself while sane or insane (in Colorado or Missouri, while sane);
- caused by the Insured engaging in any act or occupation which is a violation of the law of the jurisdiction where the loss or cause of loss occurred. A violation of law includes both misdemeanor and felony violations;
- caused by poison, gas, or fumes voluntarily taken, absorbed or inhaled, except for the involuntary or unintentional ingestion of poison or inhalation of poisonous gases or fumes;
- caused by an accident that occurs while an insured has been determined to be intoxicated
 - by judicial or administrative judgment or order;
 - by evidence of an alcohol concentration in the insured's blood, breath or urine which equals or exceeds the limits set by applicable motor vehicle laws; or
 - by other evidence demonstrating the insured was under the influence of any alcohol, narcotic, barbiturate or hallucinatory drug unless the same was administered on the advice of a physician and was taken according to the prescribed dosage; and the use of such substance was the proximate cause of the Accidental Bodily Injury;
- caused by pre-existing conditions: a pre existing condition means a sickness or injury for which the insured has consulted a physician or received any medical advice, treatment, medical supplies, prescription medication or services within 12 months immediately before the effective date of insurance, or for which symptoms of a condition have occurred that would have led a prudent person to seek diagnosis, care or treatment during the 12 months immediately before the effective date of insurance, or until the insured has been covered for 24 months. A condition listed on the application and not excluded by a rider is covered.

Reductions, Other Limitations, and Individual Termination

- If the Insured receives or is eligible to receive loss of time benefits under any Workers' Compensation Law, Occupational Disease Law, or similar legislation the benefit will be reduced by 100% of the loss of time benefit amount the Insured receives or is eligible to receive under such legislation on the date benefits become payable under the Policy. If the Insured receives a lump sum payment for loss of time under any Workers' Compensation Law, Occupational Disease Law, or similar legislation, it will be prorated on a monthly basis to the end of the Maximum Benefit Period.
- Nervous or mental disorder benefit is one-half the maximum monthly benefit to a maximum benefit period of six months.
- If the insured has other disability income coverage in effect at the time of total disability, the benefit will be reduced so the total benefit does not exceed 100% of the insured's gross monthly income.
- The insured's coverage terminates on the earliest of: the premium due date when required premium is not paid, the premium date after the insured retires or ceases to actively perform the material and substantial duties of regular occupation, the premium due date following attainment of age 70, or the next premium due date upon request for cancellation. Benefit period reduces by 50% at age 65 and terminates at age 70.
